Misamis University, as an academic institution, provides quality education for all, recognizing that education is one of the most effective ways for individuals to gain access to better lives. It also strives to assist in alleviating poverty through its community extension endeavors, ensuring that its stakeholders benefit from programs that uplift their socio-economic well-being.

This is evidenced by the Autonomous Status granted by the Philippines Commission Higher Education (CHED), the highest status for quality education that can be granted by CHED, ISO 21001:2018 certifications, Philippine Association of Colleges and Universities Commission on Accreditation (PACUCOA) accreditations of the 22 courses offered by the university. Other indicators for Misamis university quality education are the partnerships, supports, collaborations with international entities, national government agencies, local government units and communities and sectors.

Alongside these achievements in academic standards, the University and its colleges were recognized by local partners and communities for extension programs that help reduce poverty and improve livelihoods, reflecting their tangible contribution to the United Nations Sustainable Development Goals.

The College of Arts and Sciences facilitated the turnover of sewing machines for the Barangay Guimad Women's Association (BAGUIWA) on the 16th of October 2025 at Barangay Guimad, Ozamiz City. The manual sewing machine was co-contributed by CAS and BAGUIWA. Meanwhile, the electric sewing machine was pledged by employees of the Bangko Sentral ng Pilipinas (BSP) - Employees' Welfare Committee (EWC) Ozamiz. The ceremony was graced by the CAS Dean, Dr. Haydee Villanueva, along with the CAS faculty and students; BSP Personnel; MUCEP staff; and Hon. Cristy Mae P.
