## **SUSTAINABLE CITIES & COMMUNITIES**

Misamis University's environmental initiatives follow a ridge–river–reef approach to protect vital environmental services and resources. This includes caring for water sources, preserving forest biodiversity, maintaining natural flood control in riparian zones, and securing food resources from bays and coastal waters. These efforts help surrounding communities and cities remain strong, resilient, and sustainable.

# 200 SEEDLINGS PLANTED IN TUDELA TO MARK PHILIPPINE ARBOR DAY 2025

Misamis University joined the celebration of Philippine Arbor Day 2025 through a tree-planting and bamboo-planting activity on June 25 in Barangay Sebac, Tudela, Misamis Occidental. The event highlighted the planting of 200 seedlings, comprising 100 Narra (*Pterocarpus indicus*) and 100 Bamboo (*Bambusa vulgaris*), as part of the ongoing efforts to promote reforestation and environmental sustainability.

# MISAMIS UNIVERSITY CELEBRATES EARTH AND FORESTS DAYS 2025

Misamis University renewed its commitment to environmental sustainability by participating in two major tree growing activities in celebration of the 2025 International Earth Day and the International Day of Forests.

The Earth Day celebration, guided by this year's global theme "Our Power, Our Planet," was spearheaded by the Department of Environment and Natural Resources - Community Environment and Natural Resources Office (DENR-CENRO) Ozamiz City. The tree growing activity took place on April 23, 2025, at Barangay Penacio, Clarin, Misamis Occidental.

# IMMERSION, OUTREACH, TREE GROWING MARK 2025 MOVE YOUTH SUMMIT AT MMRNP

The Misamis Occidental Volunteers for the Environment (MOVE) – Misamis University Chapter successfully conducted the MOVE Youth Summit 2025 with the theme, "Empowering Youth for Mt. Malindang: Environmental Learning and Community Connection in the Protected Area." It was conducted at the Mt. Malindang Range Natural Park, Municipality of Don Victoriano, Misamis Occidental, on August 2-3, 2025. It was participated in by twenty MOVE members, alumni, and facilitators.

The summit highlighted three major events—community immersion, community outreach with the locals, and a tree growing activity at the MMRNP Arboretum, Barangay Nueva Vista, Don Victoriano, Misamis Occidental.

# 3,000 MANGROVE SEEDLINGS PLANTED AS MISAMIS UNIVERSITY JOINS TREE-GROWING ACTIVITY FOR THE INTERNATIONAL DAY FOR THE CONSERVATION OF THE MANGROVE ECOSYSTEM

On July 25, 2025, Misamis University participated in growing 3,000 mangrove trees. The initiative was organized by the Department of Environment and Natural Resources - Community Environment and Natural Resources Office (DENR-CENRO) Ozamiz City at Barangay Dela Paz, Clarin, in celebration of the International Day for the Conservation of the Mangrove Ecosystem 2025. This activity not only highlighted the importance of mangrove ecosystems but also aimed to raise awareness of the need to protect them.
