

Budget Laptop Recommendations for Students

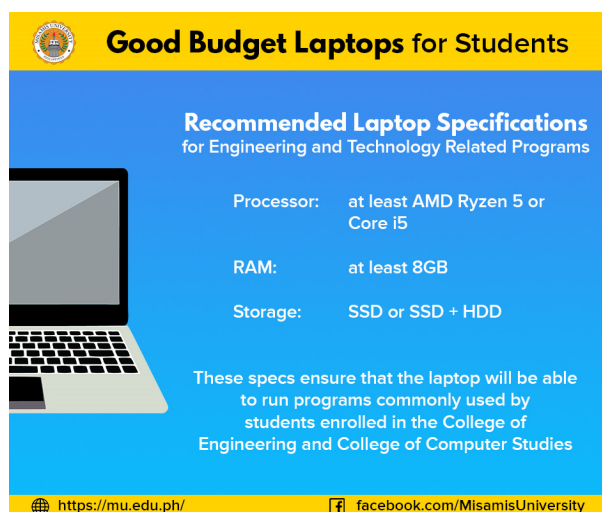

Planning to buy a laptop?

Here are some recommendations for a good laptop that will last for your entire stay in college and even longer.

A laptop is a great investment for your education.

With all the laptops in the market available, it can be difficult to choose one. To make it easier for you, here are recommendations for a good laptop that will last you for your entire stay in college and even longer.

Recommended Laptop Specifications for non-Engineering and Technology Students

Processor: at least AMD Ryzen 3 or Core i3
RAM: at least 4GB
Graphics: at least Intel HD 3000, GeForce 6800GT, or Radeon X700

These specs ensure that the laptop is compatible with running commonly used application programs used by non-engineering and technology-related courses. This kind of laptop is also very appropriate for Virtual Laboratory Simulation Applications.
